Cloud Literacy Day

To enable students to learn cloud technology skills, ICT Academy in association with AWS Educate conducted a 2-day event “CLOUD LITERACY DAY “for the students of VSIT 1st and 2nd-year students. Cloud Literacy Day is intended to induce self-learning and introduce basic cloud technology skills to all students. The students were provided online training and content on cloud learning. The students learnt the modules online through self-instructed videos and exercises and proved their cloud learning skills. They also appeared for an online AWS certification exam on ‘Cloud Knowledge’ under the Badge code 101. All the students successfully completed the course and earned their first AWS Inventor Badge.
