Webinar on Artificial Intelligence

DATE: 12-Feb-2022

Artificial intelligence (AI) is intelligence demonstrated by machines, as opposed to the natural intelligence displayed by animals including humans. The theory and development of computer systems able to perform tasks normally requiring human intelligence, such as visual perception, speech recognition, decision-making, and translation between languages. AI adapts through progressive learning algorithms to let the data do the programming and the models adapt when given new data. AI analyzes more and deeper data using neural networks that have many hidden layers. Building a fraud detection system with five hidden layers used to be impossible.

Vivekananda School of Information Technology (VIPS) organized a WEBINAR on “Artificial Intelligence”- to throw light on how one can make a career in the field of Artificial Intelligence. The webinar was conducted by **Mr. Dhruv Govil**. The session started with the welcoming speaker, teachers and all the students. Then the host gave a brief about the speaker and the topic. After this speaker gave us information about Artificial Intelligence, companies that hire students for different jobs, the average package for each position and about different courses through which we can join the industry. Then he showed us the real-time work in the lab through his camera and also briefed us about WHAT IS ARTIFICIAL INTELLIGENCE, FUNDAMENTALS OF ARTIFICIAL INTELLIGENCE, and THE DEVICES WORKING ON ARTIFICIAL INTELLIGENCE. After he completed giving us the information, Q&A was arranged the. Also, he invited students to visit his office/training Centre for a better real-life experience by seeing their labs and how they work with clients. There were around 80 students in the event and the event received positive feedback.

The screenshot shows a Zoom meeting interface. At the top, there are several participant icons with initials: ASHUTOSH..., KULDEEP K..., MEGHA GU..., dhruv govil (Gu..., SAHIL KUM..., and Kushal Ghosh. Below this is a browser window displaying a presentation slide with the following text:

It's hard to imagine a world before data.

More and more, data science is finding a way into our businesses, our communities, and in some cases, our lives.

But just what exactly is data science?

At the bottom right of the slide, it says "Activate Windows Go to Settings to activate Windows." The Zoom participant list on the right includes:

- Presenters (6): ABHISHEK VERMA, ASHUTOSH VOHRA, dhruv govil (Guest), Meeting guest, KULDEEP KUMAR, Kushal Ghosh, Organizer, SAHIL KUMAR.
- Attendees (73): ABHAY KUMAR AGARWAL, ABHIRAM NAIR, Abhishek Gautam, Ajay Aggarwal, Akash Shyoran, AKSHAT KUMAR, ALEX MONACHAN, Amisha.

This screenshot shows a Zoom meeting in gallery view. The participants visible in the grid are:

- DHANISHTA GULIYANI
- KULDEEP KUMAR
- Sonali Day
- SAHIL KUMAR
- PRIYANKA KANWAR
- ASHUTOSH VOHRA
- dhruv govil (Guest)

On the right side, there is a list of additional participants with their initials and names:

- NJ: NIDHI JAIN
- MG: MEGHA GU...
- ANJALI GUP...
- NK: PRERNA M..., NAVEEN KU...
- CS: CHANCHAL..., ARYAN KH...
- HK: HARSH KU...
- +48
