Alumni Talk on Gateway to IT industry, Do's and Don'ts

Vivekananda School of Information Technology (VSIT) successfully organized an online Alumni Talk on 7th May 2022 at 11:00 A.M. The Alumni of VIPS and the Speaker of the day were

1. **Mohit Jain** (Application Developer and Support Engineer at Keysight Technologies)
2. **Pramod Sharma** (Application Developer and Support Engineer at Keysight Technologies)
- 3.

The Talk for organized with the motive to make current students aware of Industry ins and outs, so that they are better prepared once they join the Industry. The event was coordinated under the guidance of **Ms. Mitanshi, Dr. Pooja Thakar and Dr. Neetu Goel.**

The speakers gave highlights upon:

1. Learning about new things and knowing how to implement the same.
2. You can never gain 100% knowledge about something but can only reach a milestone of maybe 70% and that is fine.
3. How to approach the problem is very important. One should try to avoid wasting time trying to solve a problem without a head-start.
4. While appearing for an interview, one must always be genuine, be yourself at that moment, do not waste the time of the interviewer.
5. Before we start with some tasks, we first need to study and analyze the feasibility of the task so that our time can be saved.
6. Do not jump into doing a project straight but first start with the planning part of it as it would save you a tremendous amount of time.

7. One should know what you want to become in the industry i.e., Developer vs Programmer, both are separate entities.
8. Keep on optimizing and scaling up your project regularly, implement the latest accepted standards and try to keep yourself updated with what the industry experts say.
9. If you want to have a project done, you must decide on which technological stack it would be based on beforehand.
10. The knowledge of the different types of databases becomes very crucial if we want to achieve cost-effectiveness
11. One must keep their skillset updated and never stop learning so that one can stay relevant to the IT industry and make exponential growth.
12. Learning the fundamentals of a programming language is as important as doing projects on it, the basics need to be thoroughly practised.

The program finally concluded with an interactive question-answer session, where students got all their queries and doubts resolved. The student coordinator **Ms. Seerat Makhija** expressed gratitude to the dean **Prof. Dr. Supriya Madan** and guest Speakers and wished students the best in their new journey ahead.
