Webinar on Leading Your Journey Towards Cyber Security

Cybercrime is an increasingly serious problem, and to address it, strong cybersecurity is critical. In the future, the number of attacks will grow as digital technologies evolve, the number of devices and users increases, global supply chains become more complex, and data becomes more critical in the digital economy. To minimize the risk of an attack and secure systems and data, strong cybersecurity will be vital.

Vivekananda School of Information Technology (VSIT) organized a session on “Leading your journey towards cyber security” on 29th January 2023 at 1 pm on the google meet platform, for VSIT students for insights on the various qualifications and paths that can lead to success as a cyber security professional. The session was organized by a group of students under the supervision of Ms Kanta Malik. The guest Speaker Ms Vandana Verma, who has trained over 10000+ Diverse candidates in cybersecurity, delivered an amazing and interactive session talking about what cybersecurity is, how to start your cyber security expert journey, securing digital lifestyle, and Internet security. Ms Vandana inspired students to recognize their passion and follow what their heart says. She also explained how we can build multiple opportunities in this industry and how people working in this field are fulfilling their dreams. It was attended by around 50 students and faculty members. All the queries/questions were beautifully answered and explained in detail. Appreciated the guest speaker for her valuable time in providing an E-Certificate. The session ended successfully with the group picture and wonderful feedback from the attendees.
