'UNCOVERING THE CLOUD'

Vivekananda School of Information Technology (VSIT) organized an event, 'UNCOVERING THE CLOUD' on 31st January 2023 on Microsoft teams at 12 pm. The objective was to make everyone aware of the cloud technology including its working, advantages and disadvantages.

The event started with a warm welcome of our guest, respected teachers and all the students present there, the host students Priya Kumari and Nakul Maini briefed the audience about the guest and the topic. After the introduction, the event was taken over by **Mr Siddhesh Dhoke** (Guest Speaker).

Mr Siddhesh Dhoke started his session using PowerPoint Presentation on the basic concepts of cloud computing. He explained Cloud computing has emerged as a revolutionary paradigm through which organizations can optimize their Information and Communication Technology (ICT) investments. He further discussed the operations and tools used in cloud computing. He also informed how cloud computing helps the user to protect their data by providing various encryption techniques.

An interactive session was held where students asked several questions related to the organizational benefit of the cloud system, protection of user data from the cloud, etc. The positive views and reasoning of the speaker surely helped a lot of students in figuring out their numerous issues.

Towards the end of the event, our faculty coordinator Ms Kanta Malik showed gratitude to our guest speaker and student coordinators to make the event successful. Altogether, the event received positive feedback from students.
