TechCON (Project Competition)

Vivekananda School of Information Technology (VSIT) successfully organized the "TechCon" project competition under the aegis of ACE on 21st April 2023 at 11:00 A.M. The event marked the celebration of innovation, creativity, and advancement in technology on the occasion of Innovation Day.

TechCon i.e. Tech Connect is a merger of two terms: "Tech" meaning technology and Con meaning "connected". The event exposed us to technology and enabled us to get connected to it by providing us with the platform to enrich our skills and brush up our capabilities.

TechCON was a great opportunity for the students from various departments to get accustomed to technology and they showcased their exceptional skills through their projects. There were twelve teams in total present in the competition from the various courses who came forward and showcased their ideas.

To begin with, each team spoke their mind on the rationale for the execution of and the potential future effects on the ideas they have drawn into their minds. The topics they had chosen were very innovative and new. And so, the points presented were accepted by the spectators with cheers and claps. Some of the points even made us think about the innovation and the technology participants had chosen for their project. There was so much talent in the room. Arguments were made and proved. The competition was so interesting with the exchange of students' perspectives by equally stating the merits, working and future scope of their ideas.

The event successfully took place under the guidance of the Dean, Prof. Dr Supriya Madan and the faculty members Dr Neetu Goel, Dr Pooja Thakar, Dr Indu Sahu, Dr Shalini and Dr Neha Goel.

The winners of the competition were: -

I Position → Faizal Khan -BCA

II Position → Anant Aggarwal - BCA

III Position → Swyam Mahidroo, Mehul Batra and Kanik Makhija – B.Tech.
